

55 Gallon Commercial Recycling Container Ideal for Institutions, Public Areas and Businesses

NORSEMAN
ENVIRONMENTAL PRODUCTS

Newest product for can and bottle recycling

As part of the Norseman Environmental brand of products, the 55 Gallon Commercial Recycler was designed for heavy traffic areas at businesses, restaurants, public areas and institutions.

The Commercial Recycler can be manufactured using recycled content and features:

- 208 litre / 55 gallon capacity
- Snap-on lid with molded-in recycling receptacles, sized for all bottle and can sizes
- Smooth contoured surfaces
- No-touch disposal, with no door or flaps . Just drop it in and go.

It offers an efficient method to separate bottles and cans and can be combined with liners for fast and easy disposal by cleaning crews.

ORBIS is a subsidiary of Menasha Corporation, the 3rd oldest manufacturing company in the United States. For 160 years, we have served leading companies. Contact us today to learn more.

The Norseman Environmental brand of products, now from ORBIS, includes curbside collection recycling boxes, organic recycling bins, The SYSTEM Rain Barrel and the Earth Machine compost bin, for municipal and community recycling and diversion initiatives. Norseman products have been preferred by municipalities and haulers in the U.S. and Canada for decades. Please contact us today to work with the environmental expert in your area.
