

ECOSORT[®] STANDARD

The EcoSort[®] Recycling System provides an aesthetically attractive, flexible, functional and easy to use solution for collecting recyclable materials in the workplace.

Every product in the EcoSort[®] range is interchangeable, which enables a truly unique and individually tailored recycling solution to be created for any working area.

Two container sizes, six different lid options and a wide range of accessories are available to enable the easy source separation of all waste materials.

As the EcoSort[®] range has a small footprint, recycling uses as little space as possible. The strong ergonomic handles enable easy lifting, handling and emptying of the containers.

All containers are supplied with matching WRAP approved body and lid labels or can be supplied with optional bespoke graphics.

Product	Capacity (litres)	W x D x H (mm)
EcoSort [®] Midi	60	275 x 590 x 635
EcoSort [®] Maxi	70	275 x 590 x 760
EcoSort [®] Lids	N/A	295 x 525 x 75

ECOSORT[®] SECURE

The EcoSort[®] Recycling System provides an aesthetically attractive, flexible, functional and easy to use solution for collecting recyclable materials in the workplace.

The EcoSort[®] Secure is ideal for the collection of confidential or sensitive documents. It fits both Midi and Maxi containers and is available in three different colours; blue, red and grey.

With a narrow paper slot which prevents unauthorised access to the contents and a strong tamper-proof locking system, the EcoSort[®] Secure is perfect for confidential document disposal.

The narrow footprint makes efficient use of floor space and the strong ergonomic handles enable easy lifting, handling and emptying of the containers.

All containers are supplied with matching body and lid “confidential paper” labels, however; the EcoSort[®] Secure can be personalised with bespoke graphics for a variety of applications.

Product	Capacity (litres)	W x D x H (mm)
EcoSort Midi	60	275 x 590 x 635
EcoSort Maxi	70	275 x 590 x 760
EcoSort Secure Lid	N/A	295 x 525 x 75

ECOSORT® FRAME

The EcoSort® Recycling System provides an aesthetically attractive, flexible, functional and easy to use solution for collecting recyclable materials in the workplace.

The EcoSort® Frame lid fits both Midi and Maxi containers and is available in five different colours, including the WRAP approved mixed recycling lime green colour.

Ideal for colour-coded source separation, the EcoSort® Frame's large open aperture enables easy collection of waste or recyclables.

The EcoSort® containers strong ergonomic handles allow easy lifting, handling and emptying of the containers. As the EcoSort® range has a small footprint, recycling uses as little space as possible.

Optional body and lid graphics are available on request.

Product	Capacity (litres)	W x D x H (mm)
EcoSort® Midi	60	275 x 590 x 635
EcoSort® Maxi	70	275 x 590 x 760
EcoSort® Frame Lid	N/A	295 x 525 x 75

ECOSORT® SWING

The EcoSort® Recycling Station provides an aesthetically attractive, flexible, functional and easy to use solution for collecting recyclable materials in the workplace.

The EcoSort® Swing lid fits both Midi and Maxi containers and is available in five different colours, including the WRAP approved mixed recycling lime green colour.

The discreet swing doors allow for hygienic hands free waste disposal whilst concealing the contents from view. As the EcoSort® range has a small footprint, recycling uses as little space as possible.

The strong ergonomic handles enable easy lifting, handling and emptying of the containers.

All containers are supplied with matching body and lid “mixed recycling” labels, however, the EcoSort® Swing can be personalised with bespoke graphics for a variety of applications.

Product	Capacity (litres)	W x D x H (mm)
EcoSort® Midi	60	275 x 590 x 635
EcoSort® Maxi	70	275 x 590 x 760
EcoSort® Swing Lid	N/A	295 x 525 x 75

ECOSORT[®] TROLLEY

The EcoSort[®] Recycling System provides an aesthetically attractive, flexible, functional and easy to use solution for collecting recyclable materials in the workplace.

The EcoSort[®] Trolley fits both Ecosort[®] Midi and Maxi containers and enables the containers to be locked together to create a multi-material recycling station.

All EcoSort[®] Trolleys feature four swivel castors enabling the containers and collected materials to be easily and safely moved.

A simple slotting system allows several trolleys to be easily linked together. For a more permanent join, trolleys can also be locked together using the screws supplied.

Optional material indicator labels or bespoke graphics are also available.

Product	Capacity (litres)	W x D x H (mm)
EcoSort [®] Trolley	N/A	415 x 660 x 310

ECOSORT[®] SIGNAGE

The EcoSort[®] Recycling System provides an aesthetically attractive, flexible, functional and easy to use solution for collecting recyclable materials in the workplace.

EcoSort[®] Signage fits both Ecosort[®] Midi and Maxi containers and clips easily onto the back handle enabling containers to be clearly marked for specific materials.

Use together with the EcoSort[®] Trolley to create a practical, fully labelled and easily manoeuvrable recycling station.

Easy twist action removal allows the signage to be changed and updated. The signage can also be used as a platform for personal branding enabling the EcoSort[®] Recycling System to be fully customised.

Signage is also available to clip onto the long side of an EcoSort[®] container, which enables the containers to be placed flush against a wall to leave walkways clear.

Product	Capacity (litres)	W x H (mm)
EcoSort [®] Signage	N/A	600 x 320
Graphic Area	N/A	235 x 177
EcoSort [®] Side Signage	N/A	260 x 310
